

SUMMER READING CHALLENGE

There's one place

If some go jogging to the gym
and keep the body strong and trim,
there is one place that is designed
to steel the muscles of your mind.

The cinema's the place to see
one film, but there's one place for me
crammed full of stories of its own –
and you can even take them home!

The beach is wonderful ... and yet,
it's not much fun when cold and wet!
but there's one place that's just as fine
and warm and dry, come rain or shine.

And to the game it's fun to go,
but also there's one place I know
whose one team's always on your side,
and fills you up with local pride.

Can you guess where? This one place is
a cut above the rest for rizz,
all gyms, films, games and beaches – see,
the LIBRARY does all this for free!
